

## Free Advanced Manufacturing Machine Training Program Starting Soon!

Beginning in January there are three no-cost, part-time evening, Advanced Manufacturing Machine Training Programs that focus on basic training in the theory, operation and set-up of Manual and CNC machines. Training includes blueprint reading, shop math, measurement tools and quality control. Typical jobs include machine operators, entry-level machinists, and quality control inspectors, and starting wages generally begin at \$14-18 per hour.

*Interested individuals must first attend an information session held weekly at MassHire Holyoke on Wednesdays from 3:00 PM to 4:00 PM, and at MassHire Springfield on Tuesdays from 11:00 AM to 12:00 PM. You can register at MassHire Holyoke, on-line at [masshireholyoke.org](http://masshireholyoke.org), or by phone, 413-532-4900.*

Advanced manufacturing is a growing field with a demand for qualified candidates. If you are interested in hands-on learning in advanced technology, a clean working environment, respect for problem solvers and hard workers, become an important part of this innovative growth industry. Training locations will be at Westfield Technical Academy, Chicopee Comprehensive High School, and Career Tec – Lower Pioneer Valley Educational Collaborative.

## Free Training for Union and Transportation Industry Careers

Interested in working in the trades? Free Pre-Apprenticeship training programs will soon begin in the new year. Information Sessions are offered Thursdays at 10:30 at MassHire Holyoke, and at MassHire Springfield on Tuesdays at 2:30 PM. For more information, please contact Jeff Napolitano at 413-545-1472.

## Have a Wonderful Holiday Season!

And don't forget to give yourself a gift by meeting with a MassHire Holyoke career counselor, attending a workshop, or using resources available to support your job search. The MHH staff cares.
