

**The Career Center is equipped to accommodate jobseekers with disabilities. The following assistive technology is available in our Resource Room:**

	<p><b>Zoom Text</b> - Screen enlarger which magnifies text and images on computer screen from 2 to 18 times</p>
	<p><b>JAWS</b> - a voice synthesizer which outputs computer contents through its speakers</p>
	<p><b>Dragon Naturally Speaking</b> - hands free speech recognition software which enables the user to access the web, email and perform computer functions</p>
	<p><b>Word Q</b> - software writing tool that is used to provide spelling, grammar and reading assistance. It has word prediction to suggest words to use and provides spoken (text to speech) feedback. It also acts as a text reader to proofread work</p>

	<p><b>Kurzweil 1000</b> - Reading software that works with a computer and scanner to make electronic text available to people with visual disabilities.</p>
	<p><b>Kurzweil 3000</b> - Reading software that works with a computer and scanner to make electronic text available to people with learning disabilities.</p>
	<p><b>Oversized Computer Monitor:</b> 23 inches wide screen monitor with touch screen capability</p>
	<p><b>Kensington Mouse</b> - a trackball computer mouse that enables the user to perform mouse functions with reduced hand and wrist movements</p>
	<p><b>Big Keys</b> - keyboard with enlarged keys, also has a built in assist mode, built in sticky key feature which allows the user to enter keyboard functions without simultaneous key presses</p>
	<p><b>Adjustable Table</b> - electronically powered table that adjusts its height with a push of a button</p>
	<p><b>CCTV</b> - an auto focus video magnifier that enables the user to view printed matter in an enlarged mode</p>

**Scanner** - a necessary tool in the process of converting printed documents into formats that can be read with Zoom Text and JAWS software

**Pocket Talkers** - amplifies sound for hard of hearing customers who are participating in meetings and workshops

**FM Loop** - Radio transmitter with 4 wireless receiver for hard of hearing customers who are participating in workshops

**Telephone with Amplification** - Special phone that amplifies sound for hard of hearing customers

**TTY** - Device that enables Deaf customers to contact employers and community resources through a phone

**Digital Voice Recorders** – recorder used as a note taker at meetings, workshops

**Braille Labeler** - used to label formatted disks, materials and signage

**Communication Access for Deaf and Hard of Hearing jobseekers** - upon request, Interpreters and CART services will be secured through the Massachusetts Commission for the Deaf and Hard of Hearing:
