

MARCH 2026 CALENDAR

March Into Success

March is a season of momentum. As winter fades and daylight stretches longer, it's the perfect time to step forward with renewed focus and fresh goals. Just as the season begins to shift, so can our careers. Whether you are exploring a new opportunity, building new skills, or strengthening your workforce, March is about movement, and movement leads to success. This is the month to shake off hesitation, refocus your energy, and take intentional action toward what's next.

At MassHire Holyoke, we believe success doesn't happen by chance. It happens through preparation, partnership, and persistence. Every day, job seekers walk through our doors ready to take that next step by earning certifications, improving digital skills, connecting with employers, and discovering new career pathways. Some arrive knowing exactly what they want; others are still exploring their options. No matter where someone begins, progress starts with a single step forward.

For employers, March is also a time to strengthen and grow. Hiring the right talent, investing in workforce training, and collaborating with community partners creates lasting impact. A strong workforce doesn't just support individual businesses, it strengthens families, neighborhoods, and our entire regional economy. When businesses thrive, our community thrives. Together, we build a workforce that is resilient, skilled, and ready to meet the demands of tomorrow.

Success isn't always a giant leap. Often, it's a series of small, intentional steps such as updating a résumé, attending a workshop, completing a training module, practicing interview skills, or making one new professional connection. Those steps build confidence. They turn uncertainty into direction and potential into measurable progress. With the right resources and support, what feels overwhelming today can become achievable tomorrow.

This March, we encourage you to move forward with purpose. Set a goal. Try something new. Ask questions. Seek guidance. Growth happens when we lean into opportunity instead of waiting for it. Whether you are a student preparing for your first job, a professional considering a career change, a business looking to expand your team, or someone ready for a fresh start, this is your season to take action.

Be sure to take a look at our March calendar to see how we can help you with your next steps. From workshops and hiring events to training opportunities and career counseling, there are many ways to get involved and move forward. We're here to support your journey every step of the way. Now is the time to march into success- together.

Check out our website and social media for several hiring events coming up in March!
